Somebody told me if you live this way,  
then its a long long haul.  
i wanna catch a love and make it stay,  
oh its a long long haul.  
when u know darkness you can love a day,  
oh its a long long haul.  
ive never seen it, i just talk this way,  
oh its a long long haul.

and you lie to us both,  
we are words, nothing holds.

i wanna catch a love and make it stay  
oh its a long long haul.  
enjoy little joy now of this place before i get to old.  
i'll flee these troubled horses from this place inside my  
troubled soul.

and nothing,  
so far

if we are salt and earth and sun and stone then its a  
long long throw,  
to fixing trouble in a broken home  
and if you wont you wont  
call when u can walk beside me past my past.  
oh its a long long haul.

i wana catch a love and make it last oh it a long long  
haul

and you lie to us both  
we are words nothing holds,  
i wana catch a love and make it stay,  
oh its a long long haul.  
I'll enjoy a little joy now in this place before i get too  
old,  
i 'll flee these troubled horses from this place within my  
troubled soul,

and nothing,

so far

i wana catch a love and make it stay  
i wana catch a love and make it stay  
i wana catch a love and make it stay  
i wana catch a love and make it stay
