I hear my favorite song, turn and let it play
Turn it up a little louder mister dj
I feel the base and the drum surging through my veins
Tasting every part of me, can you ... see the light
I feel the rush, I feel the dream, music ...
Man it's only just a matter of time
Before I loose control, when I let my body go,
See if you can keep up tonight

[Chorus]

I'm a pen I can't contain, every time I hear the sound
All the people up in the crowd, come on now, come on
now
You make me feel alive, energy is crazy tonight
Come on now, come on now
I'm a pen I can't contain, every time I hear the sound
All the people up in the crowd, come on now, come on
now
You make me feel alive, energy is crazy tonight
Come on now, come on now

Party people, party people
Let me know if time alone will pull your feelings to me
Cause all my flow I'm feeling fire, coming up for you
Doing things I normally, I would never do
When my body music got me in the mood
I got it to a ...sexy, and I'm moving, and music's taking
me for a ride
Dj give me more, now I'm on the floor
I wanna see if you can keep up tonight

[Chorus]

I'm a pen I can't contain, every time I hear the sound
All the people up in the crowd, come on now, come on
now
You make me feel alive, energy is crazy tonight
Come on now, come on now
I'm a pen I can't contain, every time I hear the sound
All the people up in the crowd, come on now, come on
now
You make me feel alive, energy is crazy tonight

Come on now, come on now
Party people, party people

[Chorus]

I'm a pen I can't contain, every time I hear the sound
All the people up in the crowd, come on now, come on
now

You make me feel alive, energy is crazy tonight
Come on now, come on now

I'm a pen I can't contain, every time I hear the sound
All the people up in the crowd, come on now, come on
now

You make me feel alive, energy is crazy tonight
Come on now, come on now

Party people, party people

Come on now, come on now

Party people, party people.
