What did you take?
'Cause that's what I'll take
And I can't take it without you
When I feel dead
I lay at my bed
I don't wanna lay here without you

Now you can't stand
Well I understand
You can take my heavy hand
'Cause I can't resist
Touching your lips
I feel bliss at my fingertips
Oh shit

And I'm scared that this could end
Face down in the park again
Wondering where I left my mind last night
But that's alright
You're my terrible friend

Everyone is pretty and fun
Everyone is lovely and young
Everyone is gentle and gone
But everyone's just everyone
And you're the one who's breaking me
And you're the one who just won't leave
Still I don't want it to end
You are my
You're my terrible friend
