Cat with 2 Heads!
Science brings gifts of convenience, to the modern
man. Modern man then
continues, continues to expand. but
what happens when man creates something oh so
wrong. Nature bites back
in a big way, good heavens, what have
I done!
I kept it in a box, I watched it grow a lot. It chewed right
through the
lock, and ate all the new kids on the block.
A scientist creates a beast, in a secret laboratory.
Nature plots
revenge, it's blood that it seeks, that's where we
begin our story!
The Cat with 2 Heads, Whoa, the Cat with 2 Heads!
College brough education, to this privileged man. High
school diploma,
science major, with a government grant.
four years later an experiment, to mutate domestic
pets. It turned into
a nightmare, so lock your doors - hide your
hot dogs, this cat's upset.
I kept it in a box, I watched it grow a lot. It chewed right
through the
lock, and ate all the new kids on the block.
Society's been so good to me, my parents paid for my
college education.
Majoring in biotechnology, created a
beast and now it's after me!

Two heads..... of terror!
