Here's a story that must be told  
It's kinda' new, not very old  
About a female martian with a wild grin  
Big orange eyes and green skin  
Blue was her hair  
She came from way up there  
She wore silver underwear  
Almost naked but she didn't care  
Why oh, why did she come from  
Planet V?  
I don't know woh who who

[Chorus]  
Martian girl from Planet V  
Will you marry me?  
Wo wo wo wo wo  
She came from outer space  
She came to see  
If earth was good  
Wo wo wo wo  
In the supermarket she got distracted  
In the meat department  
Wo wo wo wo wo  
She's looking at me  
She's looking hungry  
Think she's gonna eat me!  
Wo wo wo wo wo

She's not a bird  
She's not a plane  
She's got green blood  
Pumping through her veins.  
Saw a light in the sky  
And then I found her  
Now I'm having my own close encounter  
She smiled at me as she fixed her hair  
And then she kissed me  
Right then and there  
I started bleeding,  
That's the weirdest part  
"cause this alien's teeth were razor sharp!

[Chorus]

Woah, Oh Baby,  
What a wacky alien she was  
I'll tell you why, It's just because  
She had an appetite that couldn't be beat  
She came from space to eat people meat  
I guess I didn't taste good anyway  
"cause when she kissed me,  
she flew away!

[Chorus]
