Thank You
Thank you for the way you try to say
There must be another kind of day
Thank you for that almost heavenly time
It seems so right

Thank you for this lovely sort of place Emily is just a name to say Thank you for this almost heavenly time It seems so right

And then we'll be
There's just something for me
And I know deep inside what I'm trying to be
And God say right and I'll be there in time
There's just something for me

And I think to myself
There's no place I'd rather be
And I know deep inside of my love

And God say right and I'll be there in time There's just something for me I'm not trying to be free And God say right and I'll be there in time There's just something for me

And I think to myself
There's no place I'd rather be
And I know deep inside of my love
And I'm trying to

Thank you for the way you try to say There must be another kind of way Thank you for that almost heavenly time It seemed so right

And God say right
And God say right I'll be there in time
Just something for me
