Deep inside there's a space
With a soul full of tenderness
Deep within there is a collision
Of some warm and cold emptiness

Everyday grows a feeling of closeness
And all I know, there is no harm
Cause the soft ache turns to healing I guess
In a matter of time I'll be in your arms

Cause everyday you are gone
I walk on shells as brittle as bone
Seeing every moment go bye
Feels like a million years alone

Everyday grows a feeling of closeness
And all I know, there is no harm
Cause the soft ache turns to healing I guess
In a matter of time I'll be in your arms

In your arms again
Tight full of warmth is all the proof
Another feeling of soaring high
Above the clouds on the worlds roof
Wishing that it never ends
Every moment becomes so smooth
When I'm in your arms again
Holding another moment we can't lose

A soft breeze whispers in my ear
A voice I know to good and well
Keeps me pure and at ease
Through the times I could of fell
Cause everyday comes a corner
Another bend to your door
Another soft kiss gently waits
We both won't have to wait anymore

And everyday, grows a feeling of closeness
And all I know, there is no harm
Cause the soft ache turns to healing I guess
In a matter of time I'll be in your arms

In your arms again
Tight full of warmth is all the proof
Another feeling of soaring high
Above the clouds on the worlds roof
Wishing that it never ends
Every moment becomes so smooth
When I'm in your arms again
Holding another moment we can't lose

When I'm in your arms again
Another moment we can't lose
When I'm in your arms again
Holding another moment we can never lose
