See the rustic roses  
Lying on a path at dawn  
Shallow waters reflect me  
We both seem to be falling

I can't change everything  
I've tried to find your hand  
Seems I stalled too long  
To make you understand

The pretty pictures you paint  
Are they all for me  
I once thought I'd be  
The face you'd always see

But now I know that we  
We can't be everything  
But I hold hope  
Like love, close to me

And I hope it never fades  
And I know it doesn't feel real  
Cause what we have

What we found, is stronger than steel  
And I hope it never runs  
Like a stream it never slows  
Cause what we have  
What we found, is right here and now

We've felt a warm touch  
Although it bleeds our memory  
We both got lost but inside  
We had a dream we both believed

Feels like our soul is burning  
But I want to try again  
Cause what we found together  
Should never really end

And I hope it never fades  
And I know it doesn't feel real

Cause what we have  
What we found, is stronger than steel  
And I hope it never falls  
Like a stream it never slows  
Cause what we have  
What we found, is right here and now
