Your so cold,
Your broken inside,
Your lying on the floor,
And your screaming,
Hoping that someone can,
Believe in you,
I turn around and i see it,
In front of my eyes,
Everything just turns,
Black and white.

I feel the world stop turning.

I don't even know who you are,
While im standing here,
I see the frozen eyes that lye upon you,
While you hear a sudden,
Whisper in your ear,
Suddenly you start to burn,
Only way that you feel,
Is if ur falling away and alone,
Seeking something thats unknown.

Your start to breathe so much harder,
Now your running(now your running so far) so far,
away,
From corner to corner
My heart it starts to feel so frozen
But now im finding it hard breathe.

To know that your only just seconds away.

I don't even know who you are,
While im standing here,
I see the frozen eyes that lye upon you,
While your hear a sudden,
Whisper in you ear,
Suddenly you start to burn,
Only way that you feel,
Is if ur falling, away and alone, Seeking something
thats unknown

Seeking something thats unknown

These tears will never dry,
This heart has burned,
Just let me go, Let me fall,
Let me fall.

I don't even know who you are,
While im standing here,
I see the frozen eyes that lye upon you,
While your hear a sudden,
Whisper in you ear,
Suddenly you start to burn,
Only way that you feel,
Is if ur falling, away and alone
Seeking something thats Unknown, Seeking something
thats unknown, No.
