Sky and Moon

If I could relive those days
I know the thing that will never change
Is the smile on your face
And the hope that you gave, to make me believe, I
could do anything

Chorus:

Your smile
Your laugh
The twinkle in your eye you'd get, when I would come
around
Your heart
And soul
You'd lift me up to touch the sky...and moon

And now that I'm looking back on all the times we had
It's hard to believe that I could've made it through
without you
You were my father
But you're in a better place...and have no pain

Chorus

For the rest of my life
I will always love and miss you
You are still my father and my best friend
That's why I wrote this song for you

I'll miss
Your smile
Your laugh, your soul, your heart...your love
And when we're together again
You will finally see...how much I missed you
