Freaky gal... gal let me know
Freaky gal... gal let me know
Never... love so
Every time I fuck man... solved
... gal put me down, make me love, love, love
Every time I fuck man... solved
But man, no tell no lie bout it
Every time you get to...
She said dance with the... dance on beat
... to lean she said dance on with
Me papa... while I smoke it
She grabbed the... I mean sweeter
She had the device loaded
She said
Me love the...
She said
Me love the...

Loaded girl with the freaky desire
... she some talkin to me that's fine
No wife... lord

Freaky gal... gal let me know
Freaky gal... gal let me know
Never... love so
Every time I fuck man... solved
... gal put me down, make me love, love, love
Every time I fuck man... solved.
