Tonight is just the beginning.
This fight is never ending.
Round up the troops, it's time for war.
Together we are invincible.
Tonight, we fight.
Tonight, we fight.
It's time to show what you stand for, don't back up,
don't give in.
It's time to show them what you're fighting for, bring it,
tonight it's on.
You will never be broken, you will never lose.
You will never be broken, you will never lose.
it's time to show what you stand for, it's time to show
what you're fighting for.
Tonight's the night, we came to fight.
tonight we fight.
