Fuck yeah, I'm two-faced.
I smile to keep you on your heels, but come on now.
Why don't you break this down, yeah come on and
break this down.
I'm going to take your heart,
I'm going to take your cold black heart and crush it in
my fist.
I've never been so lonely, I've never hated myself
more, I've never felt like this before.
For once, I feel alive.
Like i mean something to someone, I've never felt like
this before.
You brought a knife to a gun fight, give it all you've got.
All your best friends are now bullets, come on take your
best shot.
Take your best shot.
