Searching for a place to be
A face to smile agreeably
I wandered round about the room
I cut my way through such perfume
I saw you standing by the door
Waiting , watching, waiting for me

[Chorus:]

'Cause you're the only boy for me
And I'm the only girl for you
I knew it when we met last week
So call me when you know it, too
So call me, so call me
So call me, so call me

Crazy thoughts go through my mind,
But I reply that I am fine
You move a little closer then
I feel your breath, and wonder when
You watch me smile
I watch you talk
Funny faces just to amuse me

[Chorus]

Searching for a quiet place
To disappear without a trace
And crowded rooms get much too much
And I just want to feel your touch
So take my hand
And take the wine
Don't look back 'cause they're not waving

You're the only boy for me
And I'm the only girl for you
I knew it when we met last week

So call me when you know it too
'Cause you're the only boy for me
And I'm the only girl for you
I knew it when you kissed my cheek
And knew it when you laughed on cue
So call me, so call me
So call me, so call me
So call me, so call me
So call me, so call me
