Here we go...

We laugh, it's done, we're in the final moment  
From far and wide we see the world in pieces  
When he comes around it will all be gone  
Every penny resides under your arm

Oh, the angle of love that twists in a time of war

Here we go  
I waited for this all of my life  
Here we go  
Maybe the time is right

The end is near, we're in the final moment  
You shed your tears, spill each and every secret  
All love and desire, the tears in your eyes,  
Buried with you in the ocean

Oh, the angle of love  
Here we go...

Is there an easy way to survive and live out your  
dreams?

Give me an easy way
