"Creaks"

I have closed your door
I've marked out the creaks in the floor
I have so much I could say
But I wanna slip away
So I'll wait 'til you're asleep

You have kept me inside
Like a still life caught
In a buzzing beehive
Go on now close your eyes
Blink and you'll miss me
I've made up my mind

I just wanted to be somewhere else for a while
I was looking for a little bit more
But now I've been away so long
I don't remember what I'm looking for

There were times I was sure
I'd travelled too far to look behind anymore
And if our chances are bleak
I'm only so brave I'll make my moves while you sleep

I just wanted to be somewhere else for a while
I was looking for a little bit more
But now I've been away so long
I don't remember what I'm looking for
Because I made my plans for the rest of my days
I made my plans for every day
And I made my plans for yesterday
Thinking of you

I made my plans
I made my plans
I made my plans for you
I made my plans for you
I made my plans
I made my plans

I just wanted to be somewhere else for a while
I was looking for a little bit more

But now I've been away so long
I don't remember what I'm looking for
Because I made my plans for the rest of my days
I made my plans for every day
And I made my plans for yesterday
Thinking of you
Just thinking of you
Just thinking of you
Just thinking of you
