I don't want to let go  
I've held all the hands I need to hold  
It seems all that I feel  
I shared with you in this room was real

This is just a bad dream  
Unrecognized in tears  
Don't tell me what I don't see  
I don't need to look through your fears

You carve an endless road  
I've got to find you 'fore the moment goes  
You take me down so slow  
I should not be living in this house alone  
You carve an endless road

Just land into my hands  
With all the love you're holding back  
I gave all of my days  
You walk the path I helped you pave

You leave me in a past scene  
With your old cross I bear  
Lift me through the old streets  
Let them see us walking there

You carve an endless road  
I've got to find you 'fore the moment goes  
You take me down so slow  
I should not be living in this house alone  
You carve an endless road

This is just a bad dream  
Unrecognized in tears  
Don't tell me what I don't see  
I don't need to look through your fears

You carve an endless road
