I'm not leaving, I refuse to change paths
and let my mind became STOU rooms
ghosts of words and the moments
I'll stay, alone on the key steps in the
To paint the red my eyes
the months, days, festivals

Loves pain ..
crystals as they fall and break
and cut deep
People go ..
and there should not stick
I know it well

Loves pain ..
crystals as they fall and break
and cut deep
And I do not sleep ..
I gave your love here I am
stopped and the heart

Shame, loneliness again celebrates
and the smoke inside me whispers
truths, questions, guilt
At night, will throw another flare
not to be seen and no hope
and come to change your paths

Loves pain ..
crystals as they fall and break
and cut deep
People go ..
and there should not stick
I know it well

Loves pain ..
crystals as they fall and break
and cut deep
And I do not sleep
I gave your love here I am
stopped and the heart
