A fascination with mutilating the dead  
I view internal organs during disembowelment  
draped in your intestines there's nothing left  
no evidence of your life or your existence  
no skin tissue or fragments  
you have dropped off the earth  
post mortal  
cease to exist  
fuck your soul  
awaiting troop of sickness  
extinction of the weak  
dropping off the face of the earth  
I file your teeth down  
blow your head off at point blank range  
with a sawed off shotgun  
mutilation of the dead  
high on drugs fucked up  
immortal I'm god  
your god can eat shit  
pure hatred  
fuck you  
cutting you from your crotch up  
removing your fucking guts  
puncturing vessels  
severing your breasts and sewing them on myself  
I fondle them slowly  
nauseated from the sight of the dead  
salivating from my mouth  
butchering bodies  
exploring pleasures deep within your bowels
