I know I've made mistakes
That I can't take back
I also know there's no future living in the past
Well I don't want us to give up
I know us better than that
All it's going to take is for me to change
And baby I can live with that

Chorus:

So starting right now
Baby I'm going to love you right
I'm gonna be the man that you've always dreamed of
A promise you can keep for all of eternity
I'll never let you down
Starting right now

Yeah you said yourself many times
Even without saying a word
You expect more from me
And girl I'm trying so hard to learn
It's not always just about love
It's about wanting to do what's right
So I'm telling you now that I'm trying to change
It's gonna talk a little time

CHORUS (x2)

Starting right now
Starting right now
