Thank God that you were by my side..

On a night....

On a night...

Daytime I'm fine
Everything is back normal
Last night I thought that I would die
I had nightmares, I was so scared
Thank god that you were by my side
To hold me when I cried

I wanna be strong
But I don't wanna be alone tonight
I wanna believe that I can save the world
And make it right
But I believe that you've got a hero's face
Right here in your arms is safest place
The safest place

It feels so real
You showed I could trust you
With emotions I had locked away
It was your touch, your words
They hear deepest part of me
That only you can see

I wanna be strong
But I don't wanna be alone tonight
I wanna believe that I can save the world
And make it right
But I believe that you've got a hero's face
Right here in your arms is safest place

As long as I'm with you
As long as I can feel you
That's all I need to keep me going
On and on and on and on....
I wanna believe that I can save the world
And make it right
But I believe that you've got a hero's face

Right here in your arms is safest place

Right here in your arms is safest place....

The safest place...

The safest place...
