It's 8 o'clock in the morning
and the sunshine through the windows in my face
I couldn't sleep all night long
couse I was thinking all the time of you
Yesterday , you told me that you were the one
who can make me happy for all my life

Refrain :

I'm not the kind of woman
who says it soveit
but if we take the timeeverything will be alright
so ,
:// Let me be your only one , and I can show you the
think you never see and never done //:
let me be
let me be the one

do you believe , that true love can be find
we find out , couse all we have as life ,
come on , baby say , that you wanna share with me ,
I can give you all my love , I would do it respectfully

your love aund your smily , some sweet to me ,
baby , I like to feel you night and day

Refrain :

your love aund your smile , some sweet to me ,
baby , I like to feel you night and day

Refrain :
