Your sister's waiting outside  
And that horn keeps blowing  
You say you can't go home  
Without knowing where we're going

And crying  
Saying there's no use tryin'

You took off your ring  
Got your bags all packed  
We both said some things now  
That we can't take back

But I'm no quitter  
Baby, stop and reconsider

We could call it quits, wash our hands of this  
And just move on down the road  
But goodbye is the wrong way  
Goodbye is the wrong way  
Goodbye is the wrong way to go

Well, we've come so far  
And it's such a shame  
To be pointing fingers  
And placing blame

Baby, calm down, I still love you  
We can turn this around

Anything worth having  
Is worth fighting for  
I just can't stand here  
While you walk out the door

If you stay the night  
I know we can make this work out right

We could call it quits, wash our hands of this  
And just move on down the road  
But goodbye is the wrong way  
Goodbye is the wrong way

Goodbye is the wrong way to go
