I go to the job every morning and I work like a dog for  
my pay  
And my mind and body aches, it takes two coffee  
breaks  
Top get me to the end of my day  
Well, I do what I do 'cause I know when I'm through  
I get one more night with you

Well, I'm stuck on this five o'clock freeway  
Getting home always takes so long  
Traffic moves too slow with a busted radio  
I can't even find a country song but this road's gonna  
end  
And I know I'm gonna spend one more night with you

That's all I think about, I wouldn't wanna live without  
Knowing that you're waiting there for me  
It don't matter what we do the same old thing or  
something new  
As long as I know there's gonna be one more night with  
you

I hate to waste the time I spend sleeping  
And I wake up tired from the day before  
All I gotta do is think of you and I grab my hat and I'm  
headed for the door  
Pretty soon I'm punching in and I do it all again  
For one more night with you

That's all I think about, I wouldn't wanna live without  
Knowing that you're waiting there for me  
It don't matter what we do the same old thing or  
something new  
As long as I know there's gonna be, one more night  
with you  
One more night with you, I mean one more night with  
you
