Fresh metal park, drive my heights 8 store
We playing baseball, then we slingin 8 balls
Mission impossible, alley cattie shot, y'all shot too
Locked at the hospital
Jamaican ab, chicken pali with the cocoa bread
I know jamaicans on drugs, call em cocoa heads
Tits lookin at the front door, always want more
So I got you all... pump more
This is I believe, my philosophy, geography
Ecology, biology, psychology
I used to spit ... that razor, hand in hand with my back in
stan man
We made vapors
Fish scales from jacks to heights columbians
I, 61, was raised for no republicans
And I don't mean to get all political
But mitt romney don't plan to do this for you

[Hook]

What the deal he is, some like to won at night, we the
areas
Tell em what it really is
Built pyramids, ground up from the streets
It's that cue talk serious
What the deal he is, some like to won at night, we the
areas
Tell em what it really is
Built pyramids, ground up from the streets
It's that cue talk serious

Yo, see I'm a student of a game how I pay attention
You so poor that you can't afford to pay attention
Catch me downtown by alley...
Orbin flatbush, 4 green by dys, who you been with
...locked up and swaffed with
Killers that will kill killers marvelous
I know you never used a gun but got bodies
You can do the math, go and ask who you at
A1, since day 1, just ask
G shot watch 40 with the black diamonds
Louibutons with the stripes is for weirdos

I'm hood, I don't wear those
Still a ...by design, still immaculate
Gucci ain't make that, nah, but it's they fabric
And still I get cabbage with it, punch style
Gold piece lazarif

[Hook]

What the deal he is, some like to won at night, we the

Tell em what it really is

Built pyramids, ground up from the streets

It's that cue talk serious

What the deal he is, some like to won at night, we the
areas

Tell em what it really is

Built pyramids, ground up from the streets

It's that cue talk serious

Yo, you wanna fly in the city, you gotta go to queens
Fly out of the city, you gotta come to queens
My brother, brother John Gotti
Another killers, big drug dealers, wild ball players
The more on the world peace on test
Kenny Anderson, Kenny Smith...
Redford Auston, Anthony Mason, Marc Jackson on a lay
up line
They got action
Supreme court where I fought, but this ball playing
Rep queens on a course
Talib ...come on, could have made it
And Raheem manchild, the hood's favorite
Orchestrated, sort of related,
Black and portorican, like lokes we stay faded cause
Yeah, on the real to the real, on the real to the real

[Hook]

What the deal he is, some like to won at night, we the
areas

Tell em what it really is

Built pyramids, ground up from the streets

It's that cue talk serious

What the deal he is, some like to won at night, we the
