"Roll So Deep"

I'm gonna teach myself to drive
Down the road on the other side
I'm gonna set myself alight
To put some fire in my soul

Could've told you a million lies
Given everything to compromise
But you could run for a million miles
And still have nowhere to go

It's like lightning in a clear blue sky
There's a storm but you keep it inside
It's like thunder when I look in your eyes
And it rolls
It rolls
It rolls so deep

You're gonna have to wait awhile
Tune it in on another dial
Cause every time that you make me smile
Blood bursts out of a stone

And if I have to be myself again
Drown our tears in the pouring rain
It's the end of the holiday
And you don't wanna go home

It's like lightning in a clear blue sky
There's a storm but you keep it inside
It's like thunder when I look in your eyes
And it rolls
It rolls
It rolls so deep
Yeah!
It rolls
It rolls so deep

I wanna feel it everyday
I wanna feel it everyday, everyday

It's like thunder when I look in your eyes

And it rolls
It's like lightning in a clear blue sky
There's a storm but you keep it inside
It's like thunder when I look in your eyes
It's like thunder when I look in your eyes
And it rolls so deep
It rolls
It rolls so deep
It rolls
It rolls so deep

It's like lightning in a clear blue sky
There's a storm but you keep it inside
It's like thunder when I look in your eyes
It's like thunder when I look in your eyes
It's like thunder when I look in your eyes
