You know that I'm in love with you
Know I always will be
Haunted by the same dreams
Hunted by the memories

Feels like a rain cloud passing over
Looking for a place to stand
Us making rainbows
As the rain comes down

You know what I think we should do
Take a train down to the sea
Desperate times, desperate measures
Wind rushing over me

It feels like the evening coming closer
Drawing like a shawl around me
It's a beautiful sunset
Still the sun goes down, down

Tell me that you'll love me forever
And go without another word
With our hands holding tight together
Out into the new world

When you're standing on the edge of something
Tell me I was right to kill
When you know that I'm in love with you
Stepping out into the thin air

I believe in you, I believe in you
I believe in you, I believe in you
I believe in you, I believe in you

Oh, lay me down in love with you
And you know I'll always be

It feels like the evening coming closer
Draw me like a shawl around you
It's a beautiful sunset
Still the sun goes down, down

Tell me that you'll love me forever
And go without another word
With our hands holding tight together
Out into the new world

When you're standing on the edge of nothing
Tell me I was right to kill
When you know that I'm in love with you
Yeah, you know that I'm in love with you
Yeah, you know that I'm in love with you
Stepping out into the thin air

I believe again, I believe again
I believe again, I believe again
I believe again, I believe again

I believe again, I believe again
I believe again, I believe again
I believe again, I believe again
