Leaving on time
Gone to look for a place to stand
And watch the world pass by

Living on a smile
There's nothing you need to explain
Where no one knows your name
And that suits me fine

Once I was young, I was stupid
And sure of myself
The truth is the word that
Gets harder and harder to spell

Maybe tomorrow I'll wake up
And all will be well
But time moves slow

Tonight

Sleeping lay my body down
Dream a dream where everything
You lost can still be found

Escaping laying my body down
All the weight of my skin it goes
At the great unknown
It's all uneven now

Once I was hot, I was hungry
I knew I was right
It's easy to do if you're wearing
Your wounds thrown inside out

[Incomprehensible]
Stretching out back
But time moves slow

Tonight

I'm leaving for a world
Gone to look for a place to stand

And watch the pass go by

Remember, remember, you told me
You'd be always be mine
We run, we run, we run, we run
We run, we run, we run, we run

Tomorrow wake up [incomprehensible]
Make up my mind
But time moves slow

Tonight
