Hey, maybe the time  
Just wasn't right to hang on  
When are you gonna learn?  
Things sometimes turn instead of turn out

Hey, when are you gonna stand?  
Stop looking over your shoulder  
Me, with a head full of words  
And not one useful expression  
Hey, hey, let go

We, with holes in our hearts  
Were whole at the start, our story began  
We film ourselves 'til the end  
Try to suspend our lives in the dark

Hey, when are you gonna stand?  
Stop looking over your shoulder  
See, there's a sun in the sky  
And a moon that will take us 'til morning

When are you gonna stand?  
Stop and begin this moment  
Hey, hey

Let go  
(Will we be the ones to understand?)  
Let go  
(Will we be the ones to understand?)

Let go  
(Will we be the ones to understand?)  
Let go  
(Will we be the ones to understand?)
