Wish I could see you for one last time wish

I could say goodbye to you

it's hard to deal with you dying

it's time to say goodbye to you

bloody faced

kissing death

walking through barbed wire

I'll let you go

let me go

digging through myself

good luck in your next life

walk as tall as the trees

be gentle as the spring winds

and have the warmth of the summer sun

I would die die for you

I'd walk right through barbed wire

I blame myself for

your death it's tearing me apart
