I've got no money, could you spare a dime? I got the
plan, if you got the time

If you take me there, you can claim your share of the
action

Been on the road for a long time now, paid all my dues,
oh I'm running out

If you take me there, you can claim your share of the
action

Oh, for a piece of the action, oh, for a slice of the cake

Oh, for a piece of the action, oh, for a slice of the cake

(Solo)

Sometimes I feel as I'm going down

That nothing can stop me from losing ground

If you take me there, you can claim your share of the
action

Oh, for a piece of the action, oh, for a slice of the cake

Oh, for a piece of the action, oh, for a slice of the cake

For a slice of the cake, oh
