I can't play these games with you no more
I get my fingers caught inside your door
Now everything I say is just a joke, spendin' my money
now, you leave me broke
Living someone's life in clear blue skies, fairytales and
dreams and alibis
All you want from me are things for you, use me till I
don't know what to do
You live in your own world anyway, twistin' every single
thing I say
In my home town I feel out of place
Changed my name, I'll find a different face - you tell
me
No more cool Mr. Wonderful, no more nice Mr. Clean
No more cool Mr. Ideal, it's drivin' me out of my mind,
yeah
I can hear the wolves outside the bar, sometimes I
don't know which one you are
Imitation's all that you accept, shadows of myself that
you once met
Bottles in the alley break and smash
Get into the car for one car crash - you tell me
No more cool Mr. Wonderful, no more nice Mr. Clean
No more cool Mr. Ideal, it's drivin' me down, drivin' me
down to my knees
(Solo)
No more cool Mr. Wonderful, no more nice Mr. Clean
No more cool Mr. Ideal, it's drivin' me down to my
knees
Mr. Wonderful, no more nice Mr. Clean
No more cool Mr. Ideal, it's drivin' me out of my mind
No more cool Mr. Wonderful, no more nice Mr. Clean,
no more cool Mr. Ideal, oh
No way, Mr. Wondeful, no way, no way, Ideal,
Wonderful, Ideal, Wonderful...
