Three years come, I'm still alone and you're so lonely
I look in the mirror, I see those lines on my face
All of my dreams are gone, flyin' with the starlings
But they were not stolen gems, coloured glass I can't
replace

Chorus:

You've got a restless heart, restless change is blowing
through your life

Tears in your eyes, and tears in the books that I've
been reading

I don't understand you now, and I never did

But I still love your restless heart

Days into nights and nights into days, lights flicker
'round me

And down to the shore I walk, I'm haunted by your face
Ungracious moves I've made, just like a broken dancer

If I could get you back, they are steps I would retrace
(chorus - with "...and I never will")

(Solo)

Three years come, you're still alone and I'm so lonely
And I would give anything, to feel my heart beat again
I wouldn't say that I've been losin' time, I've been
dreamin'

And I'd give up anything to keep you as my friend
(chorus - with "But I love you")

And I know you've got a restless heart

(Restless heart) I know you've got a restless heart (you)

(Restless heart) I know (you)

You got a restless heart (restless heart), and I know it
(you)

You got a restless heart (restless heart), you got a
restless heart (you)

I know it (restless heart), but I'm just like you (you), just
like you
