Listen to this track bitch!  
(Get out my lane)  
Catch up!  
(Get out my lane)  
Nyah, nyah, nyah... It's Gucci!  
(Get out my lane)

I'm in a yellow thang on the expressway  
That bitch so nasty it might give a bitch road rage  
Get out my lane: ferrari boyz  
You see the chain: so icy boyz  
I'm ridin' in a mansion but I don't think I'm fancy  
But I cut the blinker on and my diamonds dancin'  
Once upon a time, a little while ago  
There was a nigga in a 'rari with a pretty yellow ho  
Got my head held up cause I think I'm handsome  
As the media portraying me as Charles Manson  
And i coulda bought a Phantom rolled here 4 deeper  
But I'd rather pull up solo in a yellow 2-seater  
Gucci!

Get out my lane! (Get out my lane) Ferrari boyz (Ferrari  
boyz)  
You see the chain: so icy boyz (BURR! BURR!)  
x4

Briiick Squaaad!  
Riding in the 'rari same color as bacardi  
She don't like me, shawty, man she like my car  
Damn man wanna fuck my chain, damn man wanna  
fuck my name  
Wanna bust every nigga and their clique I claim  
Deep-dish rims and their offsets, mane  
That's how me and Gucci Mane came  
Iced out poppy-shit drawers switchin' lanes  
I rock bandanas like Santana, screaming out "Who  
wants some Anna?"  
Made a million off my words, they in love with my  
country grammar  
That's the antenna, cause their rapping careers got  
static in it

I'm a walking meal ticket, just wait a minute  
Bank account got commas in it, all black 'rari no  
dallamas in it  
I hear em talking their gangsta shit but I know they  
lame as hell  
One thing I ain't gon' fail, pussy nigga you scared of  
jail  
My name ring bells, my engine loud as hell  
Shit, my 'rari cost 'bout 230 bails

Get out my lane! (Get out my lane) Ferrari boyz (Ferrari  
boyz)  
You see the chain: so Icey boyz (BURR! BURR!)  
x4

I'm just lane changin' chain swangin'  
lane changin' chain swangin'  
lane changin' chain swangin'  
(Ferrari boyz)  
x4

Get out my lane! (Get out my lane) Ferrari boyz (Ferrari  
boyz)  
You see the chain: so Icey boyz (BURR! BURR!)  
x4
