[Verse 1: Waka Flocka]

I ball, shot fire, Klaiko been down  
Hundred rounds, stand down  
This the G south, we don't play around  
I come around they don't say shit  
Mormon signs of that case speak  
This Rolls Royce got a pink slip  
It's 15 on that G shit  
It's 16 on that G shit  
17 on that murk shit  
My young nigga gonna flip shit  
Them 4-5'rs my sidekick  
Klaiko's my capital  
Big rims, gold teeth  
That country boy attitude  
Don't make us to dodge moves after you  
Caught 'em caught 'em caught 'em slippin' at the red  
light  
Run that chain, run that ice before you lose your life  
Car jackings, home invasions and some more cells  
Loyalty of the royalty in this part I trust

I pull up holding this choppa, bitch  
If you at your place, you better get back in it  
Cuz the way I'm feelin' I might drop your bitch  
If you wanna be pussy I'm gonna jump up it  
In the black Phantom tinted and I fuck 'em  
If a nigga run up on me better hang on duck 'em  
Better have a bunch of niggas with a hell of a jaw  
I'mma beat 'em the fuck up then bitch I'm bustin'  
Gotta FM loaded up inside these jacket  
The round 10 clips, only way I pack it  
If I let them hoes fly you better be actin'  
Get throw'd motherfucker I ain't shootin' for practice  
They got drug money by the book or the mattress  
If their heads wanted beef I'mma sell out my package  
I'm the king of the streets, in the hood I'm a saint  
I'mma send another nigga, fuck a nigga with them  
I'm just lookin' for the right, I'm that nigga  
You 'bout that life, how the fuck you figured?  
Yea bitch who strapped up? My shit bigger  
This message directed let no Twitter  
I've never seen shots like a bitch who domin'  
All black on a motherfucker and I roll it  
Shout out to them navy seals with the shit I'm on
