Flocka  
Yea, crazy man

I've been going through so much, I've been thinking  
'bout so much  
I don't know who to trust or who to believe uh  
Who to believe uh, who to believe uh  
I've been going through so much  
Who-who to believe?

My partner got murdered, friends turned to phony  
Next door neighbors tryna put the people on me  
Life's a bitch, I see a brother there creepin' on me  
And I write it on me, why's these labels tryna clone me?  
And I write it on me, and I write it on me  
And I write it on me, why's these labels tryna clone me?  
And I write it on me, and I write it on me  
And I write it on me, why's these labels tryna clone me?

I've been going through so much, I've been thinking  
'bout so much  
I don't know who to trust or who to believe  
Got my friends, got my fans and my family  
I'm a ride it to the end and no feelin' weak

I've been going through so much, I've been thinking  
'bout so much  
I don't know who to trust or who to believe  
Got my friends, got my fans and my family  
I'm a ride it to the end and no feelin' weak

My partner got murdered, friends turned to phony  
Next door neighbors tryna put the people on me  
Life's a bitch, I see a brother there creepin' on me  
And I write it on me, why's these labels tryna clone me?  
Count my days in blessings, though every mistake  
made was a life learned lesson  
Swear I ain't flexin'  
Police pulls us over cause the color, I can play shit  
Then I have style, now we singin' on tours  
Me against the world so I'm voicin' my pain get

Did I forget to mention how they stole my mom the credit?

And I blew prank, gave it to another  
Leffers on stock, yea we fucked up  
Damn.

I've been going through so much, I've been thinking  
'bout so much

I don't know who to trust or who to believe  
Got my friends, got my fans and my family  
I'm a ride it to the end and no feelin' weak

I've been going through so much, I've been thinking  
'bout so much

I don't know who to trust or who to believe  
Got my friends, got my fans and my family  
I'm a ride it to the end and no feelin' weak

December 16, a part of me died

Part of me stayed strong but a part of me cried  
Pardon me on this song while I'm spillin' my pain  
Or pardon me getting weed when they mention your name

It go RIP Slim D (who?) say it  
Your life over envy

A lot of snakes in the ground, Lord protect me  
When I make it to the gates don't reject me  
I've been going through it, don't know, don't know  
when it's months

So I just sip a little and the blunt burn  
Everything I do, I do it for my family  
And my heart too big, that family, family

I've been going through so much, I've been thinking  
'bout so much

I don't know who to trust or who to believe uh  
Got my friends, got my fans and my family  
I'm a ride it to the end and no feelin' weak

I've been going through so much, I've been thinking  
'bout so much

I don't know who to trust or who to believe uh  
Got my friends, got my fans and my family  
I'm a ride it to the end and no feelin' weak

My partner got murdered, friends turned to phony

Next door neighbors tryna put the people on me

I wish I could fly away

I wish I could fly away

I wish I could fly away
