Yeah, baby  
There's something bout your pretty face  
And there's something bout your woman brace  
Baby I would walk 1000 miles, so I can have a chance to  
see you smile  
You're the reason that I'm living baby  
You're the definition of a lady  
I could loose it all in the end  
But as long as you're around, I win

You're nothing short of amazing, wonderful, beautiful  
Yes you are, you're a star  
Give into me, and I'll set you free  
And I know you don't love him more than you love me  
so just  
Hold me real close, and don't let go  
If you let me love you, you will never be alone girl  
Oh, oh, oh, oh, oh, oh,  
If you let me love you, you will never be alone girl

Such a good friend of me, now why don't you give into  
me  
I wanna show them how to treat a girl  
I just wanna give you the world  
Baby girl I would die for you, but right now I'm alive for  
you  
You're my heart, my spirit and soul  
And I just gotta let you know

You're nothing short of amazing, wonderful, beautiful  
Yes you are, you're a star  
Give into me, and I'll set you free  
And I know you don't love him more than you love me  
so just  
Hold me real close, and don't let go  
If you let me love you, you will never be alone girl  
Oh, oh, oh, oh, oh, oh,  
If you let me love you, you will never be alone girl

If I done pick them, every time seem to differ  
We just give each other space like NASA

When none of them niggas ,  
To all the good times we had with each other  
My friends say its' ridiculous, how your loving got my  
heart in a cage  
Like Nicholas  
But they don't know you like I know you  
So mind all they ,of opinions  
Take you off the hood, on an island like Gilligan  
To a whole different world, with Jasmine and , babe  
Cubans and glasses of,all alone, we just kicks it all day  
like east bay  
Good things don't last forever so  
Every night we make the bed rap,  
The most beautiful girl up in the world  
And no one tell you ,know it's crazy  
I'll send you a text message baby

Give into me, and I'll set you free  
And I know you don't love you more than you love me  
so just  
Hold me real close, and don't let go  
If you let me love you, you will never be alone girl  
Oh, oh, oh, oh, oh, oh,  
If you let me love you, you will never be alone girl X 2
