I know you're far away
Far away from here
But I keep , my heart so
Baby you're still near
I know how much I loved you
Since we first locked ,
And now it's you and me forever
Until the end of time

I know it's hard for you
And it's hard for me too
But hold on just a little while longer
Cause what don't kill us will make us stronger
I know it's hard for you
And it's hard for me too
But hold on just a little while longer
Cause what don't kill us will make us stronger
Baby hold on, hold on, hold on, hold on
Won't be long, won't be long
Just be strong for a little bit long
Baby hold on, hold on, hold on, hold on
Won't be long, won't be long
Just be strong for a little bit long
Baby hold on

You're the melody I sing baby
You're my favorite song
You're everything that's good in me
You're my right when I'm wrong
Oh I love you baby and how much I know
So no matter where you are
I ain't letting you go

I know it's hard for you
And it's hard for me too
But hold on just a little while longer
Cause what don't kill us will make us stronger
I know it's hard for you
And it's hard for me too
But hold on just a little while longer
Cause what don't kill us will make us stronger

Baby hold on, hold on, hold on, hold on
Won't be long, won't be long
Just be strong for a little bit long
Baby hold on, hold on, hold on, hold on
Won't be long, won't be long
Just be strong for a little bit long
Baby hold on

I know you , go away so baby
I keep you warm when the rain begins to fall
Hold on, won't be long
Just don't give away my love sweet lady
Take my hand and I'll carry you through

Baby hold on, hold on, hold on, hold on
Won't be long, won't be long
Just be strong for a little bit long
Baby hold on
Baby hold on, hold on, hold on, hold on
Won't be long, won't be long
Just be strong for a little bit long
Baby hold on
Hold on, yeah baby hold on
I know you're far away but I'm calling baby
You got me, I got you
We got we, that's all we need baby
That's all we need baby
I am you, you are me,
And we are free baby
If you just hold on, just hold on.
