I sit here patiently, I'm waiting for another pose  
Looking straight at the camera, but she doesn't know  
what it's for  
But she smiles anyway  
She starts to lose her trust and her wandering eyes  
look straight ahead  
She's staring back into mine but she hasn't noticed yet  
She looks in the corner, she stops  
She sees a man in back slowly approaching, but she's  
not scared  
It's one more, she's lost so many now  
She's losing track, she's lost track again this time is for  
good  
The future is in this line and I'm sorry if you've  
forgotten  
I guess it's gonna be another night all alone  
Practice your line again and again  
"Is there anything I can do for you now?"  
The director is angry again, he sits in his chair  
I look at him, he's staring back at me  
He sees the point but he's not pleased  
Kid, you're not here to love, you're here to act  
Don't be concerned, you're just here  
Talk and be ready, you better memorize that line  
Or ask her to leave with you now  
'Cause the future is in this line and I'm sorry if you've  
forgotten  
I guess it's gonna be another night all alone  
Practice your line again and again  
"Is there anything I can do for you now?"  
And I know it's been hard, you've listened with your  
sympathy  
All the complaints of what I didn't have are gone  
And the summer hasn't passed  
We'll stay up late on weeknights and we will rest again  
at school  
And we will be fine  
Yeah, we will be fine
