Every morning when I wake up
baby
I get back on my feet again.
And ev'ry day when I question what you do when

I guess it's just the same again.
I may be a loner but I'm trying to change my ways
hour by hour.
And I could be the change that you were looking for
now
baby

If you give me the power.

When I get off this plane
gonna break down that door

Gonna give you what you're looking for.
Gonna change all my ways
day by day

All you ever say is: Wait! Wait! Wait now! Wait now!

I don't even know if I've the right
To tell you how to run your life now
baby.
Even though it's shallow I was shipwrecked on the
stones

But you love me
baby.
Every day I'm like a child at Christmas time
waiting for mine

But it never seems to come in time.
I can well imagine losing you now
baby
gotta give me some time!

When I get off this plane
gonna break down that door

...

Ev'ry morning
ev'ry day
all you ever say is: Wait!
Wait! Wait now! Wait now!
