My mom told me to get a job
work with my neighbor bob
why cant i gvet some sympathy
dont yell at me
im almost 18
and not to mention
im so poor i cant afford to pay attention
what can i say
we dont paid

we suck yea we're never gonna make it
we're to dumb to be rich and famous

i dont want to throw my life away
(tonight tonight alright)
i dont want to throw my life away

we suck yea we're never gonna make it
we're to dumb to be rich and famous
record companys dont even want to claim us
we suck yea but who can blame us

we are just like you and we're naver gonna make it
we're to dumb to be rich and famous
record companys dont even want to claim us
we suck yea but who can blame us
