"do you remember that day in november?
when all our innocence was lost.
in the time before the frost.
do you remeber that day in december?
when we exhausted all the hours in the time before the
flowers?
do you rmember the february sun
when all had just begun.
in the days before the rains came?

i used to feel so good.

i used to feel so good.

don't you recall how all the days from the fall to the
start of march couldn't part our hearts till
the days of april fell away into the rising rays of may.
soon the noon sun had begun to give way to the moon.
by june we were doomed, my trust was ruined by the
lies that you cried.
i could not sympathize you didn't realize that by july
our love had died.
i could not try to appease and abide by your begging
pleas, while on your knees, that, please, we shouldn't
say goodbye.
so can you tell me why we let it go awry?
don't remember me.
remember me like i remember you.
can you tell me why we let it go awry?
don't remember me.
remember me like i remember you.

i used to feel so good.

i used to feel so good.

i used... you cause me hurt. you cause me pain.
i don't wanna remember you so forget my name.
it's to late for goodbyes cause your love was just a lie.
can you tell me why?

Cara Mia, Cara dura, Para nada, Desgraciada, ya no
sabes lo que tengo, tengo nada

i must leave before the sunrise.
but a kiss before i go, on your brow while you slumber,
on your lips, eyes, hips, thighs, tip of your toe.
i'll be gone before you wake, love.
so lets make love before you take some.
it makes you feel so good.
i know that i would.

i used to feel so good.

i used to feel so good.

i used to feel so good.

i used to feel so good.

i used to feel so good. (over the following)

you cause me hurt. you cause me pain. i don't wanna
remember you so forget my name. it's to late for
goodbyes cause your love was just a lie. can you tell
me why? can you tell me why we let it go awry?
don't remember me. remember me like i remember
you.
can you tell me why we let it go awry?
don't remember me. remember me like i remember
you.
can you tell me why we let it go awry?
don't remember me. remember me like i remember
you.
can you tell me why we let it go awry?
remember me like i remember you."
