Funny face,  
Funny cos I'm not happy inside  
funny face,  
if you look real close my eyes have died  
Funny face,  
it's him you want but I'll do in his place  
Funny face,  
it's a slap slap slap in the face

is this the hand I've been dealt - where's my negotiator  
is this the hand I've been dealt - where's my negotiator  
is this the hand I've been dealt - where's my negotiator

Funny face,  
your lips may lie but feelings don't hide  
Funny face,  
lovers entwined but where is your mind  
Funny face,  
looks as though I need a lovers guide  
Funny face,  
do you know what it's like being second prize

is this the hand I've been dealt - where's my negotiator  
is this the hand I've been dealt - where's my negotiator  
is this the hand I've been dealt - where's my negotiator

You're all I've ever wanted, I wanted more of you,  
all of you, more than you were willing to offer  
Even the parts you chose to hide, more of you,  
all of you, more than you could ever imagine,  
Funny face,  
Funny face,

Funny face,  
Funny face,  
Where's my negotiator,  
Where's my negotiator,  
Funny face...
