Don't stand next to me and think it  
Comes so easy, I am not your toy  
Coz you think love is something new,  
But it is just a tool to make it alright

Push me to the floor don't give up  
Until I'm begging you for more  
I'll be thinking of the time I felt inspired

Don't stand next to me I love the smell  
Of ecstasy it makes me feel inspired  
Coz you think love is like a sunrise  
Up against you, somehow you're  
Always right

Push me to the floor don't give up  
Until I'm begging you for more  
I'll be thinking of the time I felt inspired

Push me to the floor, make me think  
That you're the one that I adore  
Till the morning we will be as if  
We're meant to be

Your worth is worth nothing when it's  
At someone else's cost  
Fortune's not appreciated when the  
Sweet stuff comes to fast

Push me to the floor don't give up  
Until I'm begging you for more  
I'll be thinking of the time I felt inspired

Push me to the floor, make me think  
That you're the one that I adore  
Till the morning we will be as if  
We're meant to be

Your worth is worth nothing when it's  
At someone else's cost  
Fortune's not appreciated when the

Sweet stuff comes to fast

Push me to the floor

I'll be thinking of the time I felt inspired
