

Wakey! Wakey! "Car Crash"

You're flat on your face
In a field fifty feet from a burning Cadillac
At least you were thrown clear
Cause I'm still stuck in here

I take off my shoes
I let the flames crawl up and burn right through me
I'm silent as a movie
I always thought you knew me better

At least you were thrown clear
Cause I'm still stuck in here
At least you were thrown
At least you were thrown clear
Cause I'm still stuck in here
And I'm still stuck

So now you are hurt
And you're sure I could not be hurt too
And just because you're bleeding
You think that I'm not bleeding
And just because you're full of yourself
Doesn't mean I'm not full of you

But at least you were thrown clear
Cause I'm still stuck in here
At least you were thrown clear
At least you were thrown clear
Cause I'm still stuck in here
And I'm still stuck

And so we burn silently
A silent light, a silent day
And so we burn silently
It just seems wrong
