

Wakey! Wakey! "Chemical Fire"

Visit "[Chemical Fire](#)" on MotoLyrics.com

You dance in the mirror like a child
Your silence and your green eyes glow
With chemical fire, chemical fire
I would be wise to wait
I would be wise to wait
I would be wise to wait
To start again...

But you, still resonate in my mind
Your violence and your green eyes glow
With chemical fire, chemical fire

I would be wise to wait
I would be wise to wait
I would be wise to wait
To start again

Cause you, ask me to wait and I'll try
But how can I love you when I know all you've known is,
All you've known...

Cause you, dance in the mirror like a child,
Your violence and your green eyes glow
With chemical fire, chemical fire

I would be wise to wait
I would be wise to wait
I would be wise to wait
To start again...
