I woke her up cause I could barely sleep,  
At 2AM and contemplating faith.  
I made my way right out her door.  
The street lights, shine bright.  
I run away while she sleeps thourgh the night.

[Chorus]

Was it fate that brought us here  
My mistakes I made in fear  
Is it too late to change my mind?  
Who have I been?

Stepping back to where I used to be,  
Incomplete and helpless so it seems.  
The fog's like a wall,  
And it's hard to see.  
It's feelings' meanings.  
I start my car and drive 'til I found peace.

[Chorus x2]

Who have I been?  
When will this end  
Time's running thin  
Figure it out  
Figure it out

[Chorus x2]

Who have I been?  
When will this end  
Time's running thin  
Figure it out  
Figure it out
