It's not love so you think it's not love
My lover said I swear, You're a lunatic
It's not enough til you say it's too much
You know it's no good, when you hesitate

Cause lately we've been falling apart
Lately we're crumblin
Lately we've been saying a lot
But we're just not doin it...

Understood, yes you should feel understood
And I should feel a bit less featherweight
So be good, just this once, just be good
And I will be a bit less delicate

It's not love through the site of a gun
Not love through the site of a gun
Not love through the site of a gun
It's not love, but it reeks of it...

So yeah you should, I really think that you should
And we will be sad, but we will not regret
You know why you feel so misunderstood
It's all the things that you haven't said
