It's been so long since I've caught this cold  
And times rolls on, and I stand still  
And it's been three years since I've laughed out loud  
And I was so messed up and so worn out  
Being someone else  
Fooling just myself

So where, where will I find you?  
I'm so scared to turn and face myself  
I know you'll hear me loud  
Above all the sound of this world

I'm seeing ghosts, I'm seeing lots of rain  
The signs of long long days ahead of me  
See the sun rise, watch her spread her wings  
Across the great divide and to the open plains  
Cross the line again

So where, where will I find you?  
So scared to turn and face myself  
I know you'll hear me loud  
Above all the sound...

Speak slowly, speak slowly, speak slowly  
Sleep walking, sleep walking, sleep walking  
Down now

So where, where will I find you?  
I'm so scared to turn and face myself  
But I know you hear me loud

So where, where will I find you?  
I'm so scared to turn and face myself  
And I know you'll hear me loud  
Above all the sound of this...

So where, where will I find you? (but I've fallen)  
So scared to turn (yeah I've fallen) and face myself  
(when all else failed I called you)  
I know you'll hear me loud (yeah I called you)  
Above all the sound of this world
