It's been long enough that I can think of you
It's been long enough that I can speak to you
But I don't really think that you'd want to anymore.
Yeah, I could've done much better for you
I could've done much better for you
But you could've done much better for me I'm sure

What if we got it all wrong?
What if we got it all, what if we got it all wrong?

So we tried our best, but it wasn't enough.
And we tried so hard that we f-ed it up
And I understand, yeah I understand it love.
It's gotta be hard what you're going through
And I get what you say, but it's what we do,
That got us here and I guess what's done is done.

The days are short and the nights are long,
And it's all f-ed up but we carry on
Cause there's little else and there's nothing left to do
And I could've done much better for you
Yeah I could've done much better for you
But you could've done much better for me, too
